DESIGNATED AREAS OF WORSHIP

Management wishes to restate that religious activities in the Halls of Residence should be restricted strictly to designated areas of worship in the Halls in the interest of peace and harmony.

Reports have it that in one of the Halls of residence, there was a case that necessitated the intervention of DVC (Administration), the Chairman, Council Committee on Security and Security men, before peace was restored.

Management appeals to all students to desist from inciting utterances or pronouncements in respect of religious matters that may generate unnecessary tension. This is also an appeal to all to strive to make room for peace and harmony as was the case on the campus, before the unfortunate incident of Friday, 13 August, 2010.

Management enjoins all students to exercise caution, restraint and moderation in all forms of religious activities, in order not to infringe on the fundamental rights of others.
