UI TOPS LIST OF BEST RESEARCH INSTITUTIONS IN NIGERIA

The University of Ibadan has been rated first in Nigeria and 6th in Africa among research devoted institutions worldwide.

The 2011 SCIMAGO Institutions Ranking world reports based the ranking on quantitative data of citation and publication showing bibliometric indicators that unveiled some of the main dimensions of research performance of the assessed worldwide research institutions.

The indicators used sought to reveal main aspects of research size, performance, impact and internationalization at the selected institutions and an institution's publication output is considered to reveal its scientific outcomes in terms of published documents in scholarly journals.

The University College Hospital was also ranked 7th and 45th in Nigeria and Africa respectively.

The Vice-Chancellor Prof. I.F. Adewole while congratulating the community said even though the report is heartwarming, the University must not rest on its oars. "Our focus is not just to be one of the best in the Commonwealth but in the world." he stated.
