CASES OF SEXUAL ASSAULT

Management has noted with dismay, from reports received from the University Health Service (Jaja Clinic), that there has been an upsurge in the reported cases of sexual assault on ladies within the University campus, in recent times.

Management wishes to enjoin members of the community especially the female population to be cautious in taking motorcycle (okada) rides, especially at night. This is because a larger percentage of the victims were okada passengers.

Thank you.
