INFORMATION FROM CAMPUS TREE MANAGEMENT COMMITTEE.

(A) The Campus Tree Management wishes to inform the University Community that it has some quantities of the following species available for sale:

(i) Milicia excels (Iroko) - 200.00/cu.ft
(ii) Antiavis toxicavia (Oiro) - 160.00/cu.ft
(iii) Albizia Spp (Ayunre) - 180.00/cu.ft
(iv) Bombax Spp (Pereseke) - 140.00/cu.ft

Firewood is also available for sale.

(B) Also the Committee wishes to inform the University Community that:

(i) The Committee is a Council Committee and it should be properly addressed as “Campus Tree Management Committee” (CTMC) and not as “Campus Tree Cutting Committee” as it is being erroneously addressed by a section of the University Community.

(ii) Felling of trees is just a minute aspect of the Committee’s mandate and requests for such should be fully justified. The Committee is also not a commercial outfit, but salvaged wood may be sold to willing and able buyers, with preference for members of the University Community.

(iii) Because of the many requests for its services, the Committee may require a minimum of two weeks notice to treat requests, except in cases of emergency.

(iv) The Committee does not accept cash payment for services. However, members of the Community making requests may be required to provide consumables (engine oil and petrol) for services requested.

(v) All trees, whether standing or down are the property of the University. Members of the University committee (particularly, Abadina community) should please refrain from “scavenging” wood of any type without due authorization. Such action amounts to pilfering and will attract appropriate sanctions by the University authorities.

(vii) The CTMC has opened an e-mail address (uictmc@yahoo.com) and will welcome ideas as to how best to manage the trees on our campus. The Committee pleads for full cooperation of all in its efforts to sustain the acclaimed status of this University as a Beautiful Parkland campus.

(viii) The contact persons for the Committee are (i) Professor M.A. Onilude, Chairman CTMC c/o Department of Agricultural and Environmental Engineering, University of Ibadan, Tel: 08052174815. E-mail: ma.onilude@mail.ui.edu.ng, (ii) Dr. A.O. Omole, Operations Manager, c/o Department of Forest Resources Management, University of Ibadan, Tel: 08033855455, 08057335484 E-mail: omoomole@yahoo.com Mr. O.O. Sobanjo, Estate Officer and Secretary CTMC, c/o Estate Office, Registry, University of Ibadan, Tel: 08033680554, E-mail: dpspbanjo@yahoo.com.

Thank you
