

UNIVERSITY OF IBADAN, IBADAN, NIGERIA

2017 POST UTME EXAM COACHING CLASSES

Following the Federal Government's approval of the plan by some of our Universities to conduct the post-UTME examination to screen candidates for admission this year, the University of Ibadan Remedial Programme is organising six weeks of intensive coaching, to assist candidates, who are seeking admission into Nigerian universities, for the 2017/2018 session, especially those living in the city of Ibadan.

While it is imperative for each candidate to note that participating in the coaching programme does not guarantee university admission, we will like to reassure them that an outstanding performance in a University organised post-UTME examination can make all the difference, even when their UTME score is not remarkably high.

The coaching programme has been specially designed to prepare candidates with scores above 200, in the last JAMB administered University Tertiary Matriculation Examination for the post-UTME tests, that would be conducted in UI and other Universities. The key subjects that would be taught are listed below:

Groups of Subjects:

1. English Language
2. Mathematics
3. Physics/English Literature
4. Chemistry/Christian Religious Studies
5. Biology/Government

(One subject per group up to a maximum of four)
