RE: TEMPORARY WORK SCHEDULE ADJUSTMENT

Please refer to the special release from the Registrar, dated **Monday, 14 August, 2023** on the above subject matter.

After careful consideration of the current situation, the University Management has come to a decision to review the work schedule and revert to *status quo ante*. **Members of staff are therefore expected to revert to the normal work schedule with effect from Monday, 28 August, 2023.**

Consequently, Management seeks the understanding of all staff on the situation as we await the intervention of Government on the hardship faced by all.

Thank you.
