

'For COVID-19 and general infection control'

All Departments, Faculties Units and places with high concentration of people on campus are hereby kindly advised to make provision for or resuscitate facilities for hand washing in the immediate environment in order to encourage routine washing of hands. Adequate signs pointing to such should also be provided. Individuals are advised to have personal hand sanitizer etc to complement the above. The team from UHS will go around to encourage and ascertain compliance. Thank you

Dear All,

The link below is a guide for planning your travels around the world.

It's a live count that keeps changing as and when it gets updated.

Gives you an idea where the Novel Coronavirus is spreading on daily basis.

Please be guided.
